CPI + 4%	13.03%	6.12%	4.57%	—	—

Investment Philosophy

At One Four Nine Portfolio Management (OFNPM) we fundamentally believe that **investors are loss averse, not risk averse**. Our investment philosophy is built around 3 principles:

- 1. Preserve Capital**
We wish to avoid the permanent loss of capital
- 2. Grow Wealth**
We measure our success by growing capital faster than the rate of inflation
- 3. Manage Risk**
We build efficient portfolios. For a given level of risk we maximise return

Each Model Portfolio aims to achieve its objectives through investment in a global multi-asset portfolio consisting of equities, bond, commercial property and other asset classes. Exposure is primarily gained through collective investment schemes (unit trusts, OEICS, investment trusts, ETFs).

Base Currency: Sterling

Yield: 1.84%

One Four Nine Fee: 0.20% (+VAT)

Underlying Fund Fees: 0.11%

Transaction Fees: 0.02%

Total Charges: 0.37%

Adventurous Risk Profile and Objective

The Adventurous Portfolio aims to deliver a return of UK CPI plus 4% over rolling 5 years.

The Adventurous Portfolio is appropriate for an investor who is comfortable with a high volatility of returns and having up to around 100% of their portfolio in equities. You are comfortable that in **1 year out of 20** your portfolio could **fall by more than 25% in any one year**. Volatility is typically between 12% and 20% and investors should have a minimum time horizon of 5 years, ideally longer.

Calendar Year Returns Since Inception

The value of investments and the income from them may go down as well as up. You may not get back the amount you invest. The return may increase or decrease as a result of currency fluctuations. Past performance, or any yields quoted, should never be considered a reliable indicator of future returns.

One Four Nine Models are benchmarked against UK CPI and any other benchmark has been displayed for comparative purposes only and is not a benchmark for the Models. Performance figures are net of underlying fund fees and include One Four Nine Portfolio Management's Management Fee of 0.20% (plus VAT). All model portfolio performance data is sourced from One Four Nine Portfolio Management. All other data is from Bloomberg and Morningstar.
